

Jersey Boys

The story of Frankie Valli & The Four Seasons

"The crowd goes wild" NEW YORK TIMES
 "Phenomenal" LONDON'S DAILEY TELEGRAPH
 "Go! A mega-hit musical" LA WEEKLY

Jersey Boys is the story of Frankie Valli and The Four Seasons: Frankie Valli, Bob Gaudio, Tommy DeVito and Nick Massi. This is the story of how a group of blue-collar boys from the wrong side of the tracks became one of the biggest American pop music sensations of all time. They wrote their own songs, invented their own sounds and sold 175 million records worldwide - all before they were thirty. The musical features such Four Seasons' hits as "Big Girls Don't Cry", "Sherry", "Walk Like A Man", "Oh, What A Night" and "Can't Take My Eyes Off You."

Jersey Boys was the winner of the 2006 Tony Award for Best Musical and 2006 Grammy Award for Best Musical Show Album. Other Tony Award included Best Performance by a Leading Actor in a musical, Best Performance by a Featured Actor in a Musical and Best Lighting Design of a Musical. Drama Desk Awards for 2006 included Outstanding Actor in a Musical and Outstanding Sound Design. Outer Critics Circle Awards for 2006 included Outstanding Broadway Musical, Outstanding Actor in a Musical and Outstanding Lighting Design.

Jersey Boys also received the 2006 Drama League Award for Distinguished Production of a Musical.

Jersey Boys is in its fourth sold out year on Broadway and is consistently one of the top three weekly grossing shows. Jersey Boys National tour has already smashed box office records in Los Angeles, Sacramento, Tempe, San Diego, Seattle, Tampa, Minneapolis, Cleveland and Denver; and open-ended productions in San Francisco, Chicago and New York broke all house records.

Jersey Boys opened to rave reviews in London in March 2008 and in Las Vegas in April 2008. The show has been seen by over 5 million people across the world. The Cast of 27 performers takes audiences through the rags-to-ROCK-to-riches story of The Four Seasons in this Tony Award® winning musical.
